DC-8 Experimenters Integration Manual

1.0 GENERAL:

1.1 This document is currently under development. The previous unnumbered Ames Research Center document, DC-8 Laboratory Experimenters Handbook, dated June 15, 1994, will be used until a new document has been completed. The document is not currently available in electronic format. Copies may be obtained from Airborne Science, Dryden Flight Research Center (DFRC) Code Y.

1.2 All references to Ames Research Center and Medium Altitude Mission Branch (MAMB) are obsolete. Current operations are planned, implemented and managed by the Airborne Science Directorate at DFRC. The DFRC Program Office can be contacted at (661) 258-2775.

1.3 Chapters 13 and 14 of the current document should be deleted.

1.4 Appendix B is deleted: Information on flight request forms may be obtained from:

NASA/DFRC

Airborne Science Directorate
